PROFILE

A dedicated and detail-oriented developer with a strong foundation in backend development using Node.js, Express.js and MongoDB, as well as frontend development with React.js, JavaScript, HTML, and CSS. Eager to leverage my technical skills and passion for creating efficient and user-friendly web applications as a backend or full-stack developer. Seeking an opportunity to contribute to innovative projects and further enhance my expertise in web development.

EDUCATION

Meraki Academy

22-week Immersive Full-Stack Web Development Bootcamp with over 700+ hours of coding, building projects, and solving problems.

PROJECT

NurtiFit (Team)

a health electronic platform that offers three core services:

- 1- Providing users with healthy meal options along with detailed nutritional information for each dish.
- 2- Facilitating direct communication between users and their personal trainers.
- 3- Empowering coaches to deliver targeted information to groups of individuals through electronic gym.

The technologies used

- **Backend** : NodeJs, ExpressJs, MongoDB, PostgreSQL, Socket.io
- **Frontend** : ReactJs, Socket.io-client, Redux, JavaScript, HTML, CSS

[NutriFit Project \(Source Code\)](#)

Friendly (Solo)

A social networking platform that enables users to easily publish their posts, whether they are texts, photos, or short videos. The platform allows active interaction where users can interact with each other's posts and express their opinions and interests.

The technologies used

- **Backend** : NodeJs, ExpressJs, MongoDB
- **Frontend** : ReactJs, Redux, JavaScript, HTML, CSS

[Friendly Project \(Source Code\)](#)

TECHNICAL SKILLS

Node.js, Express.js, MongoDB, SQL, React.js, JavaScript, Redux, HTML, CSS

OTHER SKILLS

Problem-Solving, Adaptability, Teamwork, Attention to Detail
